

POS Alarm DUO

POS Alarm DUO (010235) features a self powered 2 Port Alarm Central.

It's easy to handle, portable and installed within seconds.

It comes up with:

Ports for 2 Sensorcables:

- Sensorcable (adhesive) (010236)
- Loop (010381)
- USB (010382)
- Mini USB (010383)

- Multi Accessories
- 100DB Alarm
- Remote Control Function
- Removable Batterie

TOP for Tradefairs or Showrooms ! Simply plug out you merchandise at night, switch off alarm with your remote and take your products to a safe place at night. Reduces time for product change dramatically as you do not need to remove adhesives.

Most used in DIY Markets due to easy use. One plug, one remote, thats all.

Your staff will say „Thank you“ as the could have an absolutely time saving Display Alarm.

One Button Remote for switching of Alarm

When plugging in again, Alarm will be automatically on.

Example of use

POS Alarm DUO

Minimize Phantom-alarm with usage of Loop Sensorcable.

Give your customers enough space for look and feel...but not too much space....

Give the merchandise in customers hand or change products...simply plug off and switch off alarm with remote...
